Such an employee's hourly rate will be returned to the rate of pay prior to the promotion to the new position. If the employee has not secured a position and the vacated position has been filled, the President of Teamsters Local 14 and the Human Resource Director or designee will meet to negotiate an appropriate solution.

period, the employee would establish a new annual review date for additional step increases, if applicable.

Hourly wage rates change at the beginning of a pay period. The completion of the initial three month period in a new classification or anniversary dates that occur in the same classification during the 1<sup>st</sup> week of a pay period will receive the increase for the entire pay period. The completion of the initial three month period in a new classification or anniversary dates that occur in the same classification during the 2nd week of a pay period will receive the increase at the beginning of the next pay period.

The accumulation of compensatory time off is a voluntary decision by the employee and they cannot be required to accumulate compensatory time off rather than be paid for the overtime worked.

- 5) The use of comp time will not be granted if it results in the need for overtime staffing.

- 6) An employee may accumulate comp time for the double time part of a holiday worked and cannot accumulate comp time for the holiday pay portion of a holiday worked.

The party seeking such final determination must notify the other of its decision in writing within ten (10) calendar days of the Step 3 response or the date of the Step 4 mediation with the FMCS. Should the ten (10) days elapse without written notification, the grievance shall be deemed withdrawn with prejudice. In the event that Teamsters Local 14 chooses not to pursue a grievance involving a termination, the employee filing a grievance may pursue the matter, without the assistance of Teamsters Local 14, in accordance with the remainder of this article. Any individual utilizing this option will be required to sign a waiver releasing Teamsters Local 14 from any additional responsibility and/or liability related to this employment action.

All costs incurred by the employee, including but not limited to those outlined in Step 8 of this article, will be the responsibility of the employee. Should the former employee choose to arbitrate their dispute, both the City of Henderson and the former employee will be required to place ten thousand dollars (\$10,000) into an escrow account to ensure the payment of the arbitrator as detailed in Step 8 of this procedure. Should the grieving individual fail to comply with this requirement within twenty-one (21) calendar days of notification of the escrow account details, they will forfeit their ability to arbitrate the issue and the matter will be considered withdrawn.

Step 6: In the event the CITY and the UNION proceed to arbitration, the parties shall jointly request from the Federal Mediation and Conciliation Service the names of five (5) arbitrators.

One arbitrator shall be selected by alternately striking names from the list and the dispute shall be submitted to the arbitrator then remaining. Such arbitration shall be conducted under the rules of the Federal Mediation and Conciliation Service, or the American Arbitration Association as prescribed by the arbitrator selected.

Step 7: The arbitrator shall have no power to add to, subtract from, or modify the terms of this Agreement or to rule on any matter after this Agreement terminates.

Step 8: The arbitrator's decision shall be final and binding, and the cost for arbitration shall be born equally between the UNION and CITY. The parties shall bear their own expenses for attorneys, court reporters and other related arbitration expenses.

Section 4: Grievances not filed, processed or responded to within the time limits set forth above and not extended by agreement in writing, shall be deemed waived or admitted, and the grievance shall be irrefutably presumed denied or sustained, as the case may be.

### **ARTICLE 33. STRIKES AND LOCKOUTS**

Section 1: There shall be no lockouts by the CITY, or strikes or suspension of work, slow-downs, or sick-outs, excluding bona fide illness, by the UNION or by the employees. This Agreement is a guaranty by the parties that for its duration there will be no lock-outs, strikes, suspension of work, slow-downs, or sick-outs, and that all complaints, grievances or disputes arising out of the interpretation or application of this Agreement will be settled pursuant to the grievance process as outlined in Article 33 of this Agreement.

Section 2: Picketing. Unless otherwise prohibited by federal or Nevada law, notwithstanding any other provision of this Article, it shall not be a violation of this Agreement, or cause of discharge or other disciplinary action, if an employee refuses to enter upon any property involved in a lawfully constituted picket line, sanctioned by the UNION. This exception to Section 1 of this Article shall not apply in cases of emergency or need to maintain essential services.

Section 3: Nothing contained herein is intended to require performance of duties under circumstances in which there is a reasonable likelihood of injury to the employee.

### **ARTICLE 34. OUTSIDE EMPLOYMENT/SECONDARY EMPLOYMENT**

Section 1: All employees covered by this Agreement who wish to work another job in addition to their current CITY position, must receive prior written approval from their Supervisor, Department Head and the Human Resources Director. The CITY shall not reasonably deny outside employment requests. The request must be executed within a reasonable time. The CITY reserves the right to deny or revoke any outside employment request.

Employee's prior written approval for non-paid positions is required to ensure their volunteer service does not conflict with their existing CITY position.

Section 2: Employees shall not engage or invest in any secondary employment, or invest in any business venture, or transaction that:

(a) Is incompatible with the proper discharge of the employee's or CITY's official duties;

- (b) Creates a conflict of interest with the employee's duties on behalf of the CITY;
- (c) Brings the CITY or its employees into any general disrepute or discredit; or
- (d) Impairs the employee's efficiency or independence of judgment in the performance of official CITY duties.

Section 3: Employees who accept a fulltime position with the CITY must accept the offer with the full intention of making the CITY their primary employer.

Section 4: Employees must renew their outside employment request annually.

#### **ARTICLE 35. WARRANTY OF AUTHORITY**

The officials executing this Agreement on behalf of the CITY and on behalf of the UNION hereby warrant and guarantee that they have the authority to act for, bind and collectively bargain on behalf of the organizations they represent during the term of this Agreement.

#### **ARTICLE 36. SAVINGS CLAUSE**

This Agreement is declared to be severable and if any paragraph, phrase, sentence, or part is declared to be void or unenforceable by the City Attorney or a court of competent jurisdiction, it shall not be construed to void or nullify the entire Agreement. Upon such invalidation the parties agree immediately to meet and negotiate modifications of such parts or provisions affected. Those parts not declared void or unenforceable shall remain binding upon the parties.

#### **ARTICLE 37. SOLE AND ENTIRE AGREEMENT**

Section 1: The parties agree that they have negotiated fully with respect to all mandatory subjects of bargaining and that this Agreement constitutes the parties' complete and final understanding, except for Letters of Understanding attached to this Agreement or such additional Letters as the parties may sign.

Section 2: The CITY and the UNION agree that each shall pay one-half the cost of printing this Agreement.

#### **ARTICLE 38. REDUCTION IN FORCE**

Reduction In Force, and the manner in which it is executed, applies to all Teamster represented positions only. Employees, who have worked in any of the collective bargaining agreements between Teamsters Local 14 and the CITY, retain seniority and reduction in force rights for previously held positions within those Contracts. City of Henderson employees working outside of these Contracts have no seniority rights to return to a previously held position within these Contracts.

Section 1: A Reduction In Force may take place upon approval of the City Council and is defined as any involuntary separation wherein management eliminates a position.

- (a) The CITY may eliminate any position.
- (b) Notice of at least thirty (30) calendar days will be given to employees whose positions are reduced through a Reduction In Force. In lieu of notice, an equivalent amount of salary, based on the employee's regular work schedule, will be paid to the employee.

Section 2: When a position is reduced and/or a Reduction In Force takes place, the following procedure will apply:

- (a) All temporary and regular part-time would be laid off first. Employees that are serving the twelve (12) month probationary status within the classification that is to be reduced shall be laid off next. Should a probationary employee be laid off for a period of time longer than they worked for the City and are subsequently rehired, they will be required to serve a full 12 month probationary period. If rehired before that timeframe, they will be given previous credit towards the completion of their probationary period.
- (b) Regular employees whose positions are reduced shall be permitted to exercise their CITY seniority to move laterally or downward to a position which they previously held within the CITY.
- (c) Regular employees who, as a result of a Reduction In Force, are placed into previously held classification may be subject to a training period of up to six (6) months. Should the employee be unable to safely and effectively perform the work of this classification, the Human Resource Director and President of Teamsters Local 14 will meet to negotiate an appropriate solution.
- (d) Regular employees who are not placed in other positions may elect to accept the Reduction In Force or pursue displacement procedures.
- (e) Displacement procedures will take place in the following order:
  - (1) Once a position within a classification has been identified for elimination within a department, the least senior employee in that position within the department will be first to be displaced.
  - (2) The displaced employee will, in turn, displace the least senior employee in the classification working in another department.
  - (3) If there are no other positions within the classification, the regular employee whose position has been reduced will displace the least senior employee in any equal or lower paying position previously held by that regular employee or is placed in a vacancy in the highest paid position available that the employee previously held.

- (4) An employee who has been displaced as a result of this procedure will have the same rights under Section 2(e)(3) as the employee whose position was initially reduced.
- (5) If the displaced employee does not meet the requirements of the previously held classification due to changes in the classification or employee qualifications, or if the classification no longer exists, the employee's qualifications will be reviewed by the Human Resources Director or designee to determine if there are other placement options within the CITY.
- (6) Employee(s) who exercise their seniority rights to return to a previously held position will be paid at the top rate for that position. The change to the employee's rate of pay will occur at the beginning of the 1<sup>st</sup> full pay period in the previously held position.
- (7) Employee with seniority rights to a previously held position(s) may waive this right and volunteer for layoff from the reduced classification. The employee would be placed on the Reduction in Force Eligibility List and subject to recall to vacancies in that classification only.

Section 3: Return to Former Classification Lists: If an employee(s) is involuntarily reduced from their classification and working for the City in an equal or lower paying position, they will be recalled to their previous classification by City seniority. Such employees will return to the Step in the wage schedule they held when they were initially reduced from that classification and be given credit for previous time spent at that Step of the wage schedule.

Section 4: Reduction In Force Eligibility Lists: If all displacement options have been exhausted, employees will be placed on a Reduction in Force Eligibility List for all classifications within the CITY for Teamster represented positions. Employees will remain on the Reduction in Force Eligibility List for those classifications for a period of three (3) years, or a period equal to their length of employment, whichever is less.

- (a) The Reduction In Force Eligibility Lists will have precedence over all other Eligibility Lists.
- (b) Displaced employees on Reduction In Force Eligibility Lists will be considered eligible for in-house recruitment within the CITY for a period of three (3) years, or a period equal to their length of employment, whichever is less.
- (c) If more than one employee is placed on the Reduction In Force Eligibility List, the employees will be ranked by CITY seniority. The employee with the most CITY seniority will have the first option when a Teamster represented position becomes available that the individual qualifies for as determined by the Human Resources Director or designee.

- (d) An employee who is placed in a position they have not previously held from such a Reduction In Force Eligibility List will be required to serve a qualifying period once the Human Resources Director or designee certifies the employee's qualifications. An employee who is placed in a position they have previously held from such a Reduction In Force Eligibility List will not be required to serve a qualifying period once the Human Resources Director or designee certifies the employee's qualifications. The employee would be placed at the highest Step of the wage schedule in a previously held position or at the entry level of pay if they have never held the position.
- (e) City seniority does not accrue during the period of layoff. If recalled before the expiration of the timeframes in Section 4 (b), the employee would establish a new seniority date reflecting their previous service and subsequent benefit accruals will reflect their newly adjusted seniority date. If an employee is not recalled per the provision of Section 4 (b) and is subsequently rehired, they would be considered a new hire for City seniority and benefit purposes.
- (f) Upon acceptance of a position, the employee's name will be removed from all Reduction In Force Eligibility Lists.

Section 5: Recall from Layoff: Employees on Reduction In Force Eligibility Lists waive all reinstatement privileges if they fail to respond to a re-employment notice within fifteen (15) calendar days after a certified notice is mailed to the last known mailing address. Failure to respond to said notice will result in removal from all Reduction In Force Eligibility Lists.

## Henderson Police Department- Supervisors Addendum

This addendum contains terms and conditions specific to Teamster Local 14 represented positions within the Henderson Police Department. All contract language that is not explicitly modified in this addendum remains intact and valid for such employees.

### ARTICLE 9. SENIORITY

- Section 1: CITY seniority is continuous service, not broken by dismissal or resignation without reinstatement, commencing from the date of hire as a regular full-time employee. CITY seniority shall apply for vacation bids. It is understood between the CITY and the UNION that this is not intended to detract from those matters which are clearly a management right.
- (a) If two employees' dates of hire are the same, the tiebreaker shall be based on their ranking on the eligibility list from which they were hired. Should their ranking be identical alphabetical ranking of last names will be used.
- Section 2: Classification seniority will be established for positions within the Henderson Police Department that are subject to multiple shifts within the same work day. If a classification becomes subject to shifts other than day shift, classification seniority dates will be established before the new shift(s) are established. Classification seniority will be used for all matters of choice, including shift bids and overtime selection. Classification seniority is the date the employee is assigned to the position as a full-time employee.
- (a) If two employees' classification seniority dates are the same, the tiebreaker shall be based on their ranking on the eligibility list from which they were hired or selected into the position. Should their ranking be identical, CITY seniority would apply and if CITY seniority is not applicable or is the same date for multiple employees, the alphabetical ranking of last names will be used.
- Section 3: Once accumulated, classification seniority in previously held positions is retained by employees who promote, demote (either voluntarily or involuntarily) or are reclassified to another classification within the CITY. For example; an employee works in a classification for two (2) years, promotes to a new position and then returns to their previous classification one (1) year later. The employee's original two (2) years of classification seniority is retained and they would be placed on the classification seniority list reflecting two (2) years of seniority. However, if an employee leaves a classification in which the held classification seniority and do not return to that classification before the amount of time equal to the time spent in the classification, they will lose their previous classification seniority and establish a new classification seniority date. For example: an employee works in a classification for two (2) years, promotes to a new position and then returns to their previous classification three (3) years later. The employee's original two (2) years of classification seniority is forfeited and they would be placed on the classification seniority list on the date they return. This provision applies to a both voluntary and an involuntary return to a previous classification.

No classification seniority accrues when working out-of-class in a higher classification on a temporary basis or when regularly assigned to a different classification through promotion, demotion or reclassification.

**ARTICLE 10. PROMOTION**

Section 1: All promotions shall be subject to a qualifying period of up to six (6) months. The qualifying period does not begin until the employee has been released from the formalized training program for the classification. Employees will be notified in writing that their training program has been completed and the date their qualifying period begins.

**ARTICLE 11. SHIFT ARRANGEMENT**

Section 2: Whenever deviations from .....

(d) Concerns related to the CITY's use of the provisions in Section 2 of this Article should be discussed promptly and the parties agree to conduct quarterly labor/management meetings covering all issues within the Police Department.

Section 3: Unless otherwise determined by the CITY, the normal workday shall be nine and one-half (9.5) hours. The normal CITY workweek shall be thirty-eight (38) hours. Any unusual circumstances causing deviation from the normal workweek and normal workday hours shall be discussed by the UNION and the CITY.

Section 8: Communications Operators I & II will bid shifts annually using classification seniority. Should the timing of the shift bid change from the current December bidding schedule, the parties acknowledge the vacation preference process defined in Article 17 Section 3 would be modified to coincide with the shift bid process.

1) Mid-year Vacancies: The parties acknowledge that the CITY determines the required staffing level for each squad and those staffing levels are subject to modification at the CITY's discretion. A transfer, promotion, resignation or retirement from a squad does not create an obligation for the CITY to fill that vacancy on that squad.

(a) "Squad Preference Lists" will be established upon ratification of this agreement. Employees may apply for any or all squads in which they are interested and are free to remove their name from any squad preference list at any time. Employees will be listed in classification seniority order from the most to least senior employees and the lists will be made available to all Center employees. These lists will be used to populate mid-year vacancies on a particular squad. A senior employee is not obligated to go to a particular squad if they are offered a vacancy on another squad and employees are encouraged to avoid placing their name on a preference list when they know they have no

interest in that squad. The number of employee movements due to a mid-year vacancy will not be limited and the process will continue until the new employee is placed on a shift consistent with their classification seniority.

- (b) New or promoted employees who have been completed their training program will be placed on a squad for up to ninety (90) days before they are subject to placement through this process. If this ninety (90) day period ends within 30 days or less from the annual shift bid, no squad changes will be made until the annual rotation. Conversely, if the ninety (90) day period ends within the 1<sup>st</sup> 30 days after the effective date of the annual bid, this vacancy will be included in the semi-annual squad preference process.
- (c) In rare circumstances, a new employee may require monitoring beyond this 90-day period. Should this occur, the City will provide Teamsters Local 14 written notification of this extension, identifying the current challenges and concerns and providing an approximate date for the release of the position for squad preference consideration.

The parties will review the process through its labor/management meetings during 2009. Should it be determined that this process is not sustainable, or needs modification, an alternative process will be created for mid-year vacancies.

Section 9: Detention Center Technicians and the Detention Center Command Staff will establish a shift preference process that allows senior employees to move to vacant positions once they have been identified by management as a regular full-time vacancy and to accommodate an annual shift bidding process. Mid-year vacancies will be managed consistent with the process currently in place and senior employees will not be displaced from their preferred shift to accommodate the observation of trainees.

Section 10: Crime Scene Analyst and the designated Command Staff will establish a shift preference process that allows senior employees to move to vacant positions once they have been identified by management as a regular full-time vacancy and to accommodate an annual shift bidding process.

## **ARTICLE 12. LUNCH AND REST PERIODS**

Section 1: Each employee shall be granted one-half (1/2) hour for lunch, and such time shall be allowed to the extent possible after four and one-half (4.5) hours from the beginning of the regular shift and before the end of six (6) hours from the beginning of the regular shift.

- a) Communications Operator II: (40 Hours) will be allowed two (2) fifteen (15) minute breaks. This classification will also be allowed a one (1) hour paid lunch. Lunch on CITY time is to allow for the immediate recall of the Communications Operator to the Communications console. All other rest periods on CITY time must be taken within the facility.
- b) Communications Operator II: (38 Hours) will be allowed two (2) fifteen (15) minute breaks. This classification will also be allowed a thirty (30) minute paid lunch.

Lunch on CITY time is to allow for the immediate recall of the Communications Operator II. All other rest periods on CITY time must be taken within the facility. Should a thirty minute lunch be modified to one hour, one half hour paid and one half hour unpaid and the Communications Operator II is required to work through their unpaid lunch period and are not provided a lunch period later in the shift, they will be entitled to regular overtime for the period of time they were not relieved, up to thirty minutes.

- c) Crime Scene Analyst and the Property and Evidence Supervisor will be allowed two (2) fifteen (15) minute breaks and a thirty (30) minute unpaid lunch.

#### **ARTICLE 15. OVERTIME, CALL-OUT, CALL-BACK, RECOVERY TIME AND STANDBY PAY**

Section 2: The definition of call-out for employees working in seven day/twenty four hour operations within the Police Department is amended to required forty-eight (48) hours notice. This includes the Crime Scene Analyst classification.

#### **ARTICLE 15. OVERTIME, CALL-OUT, CALL-BACK, RECOVERY TIME AND STANDBY PAY**

Section 5: Supervisors working within the Police Department, with the exception of the Crime Scene Analyst Supervisor, are NOT eligible for Recovery Time as defined in Article 15 Section 4.

#### **ARTICLE 16 HOLIDAYS**

Section 1: Employees working twelve (12) hour shifts receive six (6) hours of holiday pay for Christmas Eve. Employees working a night that begins on December 23<sup>rd</sup> would be eligible for holiday pay for the last half of their shift on December 24<sup>th</sup>. Employees working a night shift where the 1<sup>st</sup> half of the shift is on December 24<sup>th</sup> would receive half of a shift of holiday pay, or banked hours plus their regular hours worked at their regular rate until midnight on Christmas Eve.

#### **ARTICLE 16 HOLIDAYS**

Section 7: For the term of this agreement and as a final buy out of the Columbus Holiday conversion, Communications Operators I & II, Central Control Room Operators and Detention Center Technicians assigned to work their regular hours on the formerly observed Columbus Holiday, will receive double time for their regular work hours that day.

#### **ARTICLE 18 SICK LEAVE**

Section 1: Employees assigned to 12 hours shifts of 3 days in one work week and 4 days in the following work week will accrue 12 hours of sick leave each month.

## **ARTICLE 24: EMPLOYMENT STATUS AND DISCIPLINE**

Section 5: Discipline and Disciplinary Procedure: Discipline can be administered in accordance with Article 24 for any violation of any provision of this Labor Agreement. The CITY is committed to utilize disciplinary actions as a means to change and correct behavior, rather than as a form of punishment or embarrassment. The CITY will normally apply discipline progressively, and both parties acknowledge that there will be times when non-progressive discipline, up to termination, may be warranted.

Should the CITY initiate an investigation of alleged employee misconduct; the investigation will be completed along with any disciplinary recommendation, within fourteen (14) calendar days of the initial employee interview. Should circumstances preclude compliance with this timeframe; the Employee Relations Manager will notify Local 14 and provide an estimate for completing the investigation. If there is a disciplinary recommendation of suspension, demotion or termination, the required hearing with the City Manager or designee may occur after this fourteen (14) day period.

Investigations of alleged misconduct or performance deficiencies for employees working within the Henderson Police Department will normally be conducted jointly by Employee Relations and the management of the Police Department. There will be isolated situations where investigations will be conducted jointly by the Internal Affairs Bureau and Employee Relations. Should such an investigation be initiated, the leadership of Teamsters Local 14 will be advised of the nature and extent of this investigation. ## ARTICLE 17. ANNUAL LEAVE and ARTICLE 18 SICK LEAVE

## ARTICLE 23. RETIREMENT

## CLASSIFICATION AND COMPENSATIONS REVIEW

The parties have agreed to collaboratively complete a review of the current job content (classification) and market rates of pay (compensation) for the positions covered by these agreements. Local 14 has identified a Co-Chairman of the working committee and will identify two (2) members of each contract group to participate in this review. The City’s Human Resources Director and identified staff from Human Resources and the operating units within the City will complete the committee. The Committee may be assisted by external consultants and will:

- Agree on the “like jurisdictions” that will be used for the review. It should be understood from the on-set that certain departments or areas of the City will have different comparators to ensure the breadth of the data collected. Specifically, the positions within the Department of Utility Services will be compared to other organizations that perform similar utility work and many cities do not operate their own utility
- Ensure that current work responsibilities are accurately reflects in new job descriptions

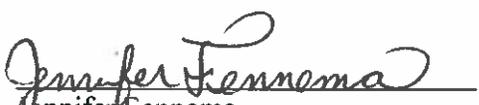

- Ensure that market data that is gathered is an “apple-to-apple” comparison to the City’s positions
- Use the market data to create a new wage structure for the three (3) contract groups.
- Work collaboratively to implement any changes that the parties agree to in future negotiations.

The City acknowledges that the implementation of the study results are mandatory subjects of bargaining as defined in NRS 288 and to that end, the parties have agreed that should current positions be determined to be above market compensation, those individuals would have their hourly pay frozen or “redlined” and they would not be subject to a reduction in their hourly rate.

The working Committee will provide joint communications to all covered employee during the review process.
