PREAMBLE

This agreement is entered into between the City of Elko, Nevada, hereinafter referred to as the “City” and the International Association of Firefighters, Local 2423 hereinafter referred to as the “Association”. Members of the Association, employed by the City are covered by this agreement and will hereinafter be referred to as “employees”.

It is the intent and purpose of this agreement to assure sound and mutually beneficial working and economic relationships between the parties hereto and to provide an orderly and peaceful means of resolving any misunderstandings or differences which may arise.

It is recognized by both the City and Association and its member employees that the City is engaged in rendering public services to the general public and that there is an obligation on each party for the continuous rendition and availability of such services.

All member employees shall perform loyal and efficient work and service; shall use their influence and best efforts to protect the properties of the City and its service to the public; and shall cooperate in promoting and advancing the welfare of the City at all times.

The full agreement between the parties, other than those portions of public employment agreements that are expressly provided for, or excluded by State Statute or the Elko City Municipal Code, is set forth herein.

All City of Elko rules and regulations that are inconsistent with this agreement shall not be applicable to employees covered hereunder.

NOTE: Where the word designee is used in this agreement a designee is defined as an individual who has been officially designated by the Fire Chief or Deputy Fire Chief to act in his/her behalf during their absence of one or more full shifts. During the absence of the Fire Chief the Deputy Fire Chief shall be the designee and in the absence of both the Fire Chief and Deputy Fire Chief, the Captain on duty shall be the designee.

ARTICLE 2

RECOGNITION AND APPLICATION

A. The City of Elko (hereinafter called the “City”) recognizes the International Association of Firefighters, Local Number 2423, (hereinafter called the “Union”) as the exclusive bargaining agent for the Fire Department employees listed below for the purpose of collective bargaining as set forth in NRS 288.

B. Persons in the following classifications are included within the bargaining unit.

1. Fire Captain
2. Assistant Fire Marshal
3. Driver Operator II
4. Fire Prevention Officer
5. Driver Operator I
6. Firefighter/EMT I

C. All other provisions of this agreement notwithstanding, non-line, non-staff, temporary employees are excluded from the bargaining unit of the Association and this agreement shall not apply to temporary employees except as may be expressly provided hereafter. Temporary employees are defined as those employees who are hired for a position which is not intended to exist for more than 6 months in a year and which will be designated as a temporary position at the time the offer of employment is made.

ARTICLE 3

STRIKES AND LOCKOUTS

A. The Association and the employees covered by this Agreement will not promote, sponsor or engage in, or against the City, any strike, slow down, interruption of operation, stoppage of work, absences from work upon any pretext or excuse not founded in fact, or any other intentional interruption of the City, regardless of the reason for so doing. Further, the Association will use its best efforts to induce all employees covered by this Agreement to comply with this pledge.

B. The City will not lock out any employees covered by this Agreement during the term of this agreement as a result of a labor dispute with the Association.

ARTICLE 4

RIGHTS OF MANAGEMENT

As stated in Local Government Employee-Management Relations Act at NRS 288.150, subsection 3, those subject matters which are not within the scope of mandatory bargaining and which are reserved to the City without negotiation include:

A. The right to hire, direct, assign, or transfer an employee, but excluding the right to assign or transfer an employee as a form of discipline.

B. The right to reduce in force or lay off any employee because of lack of work or lack of funds, subject to paragraph (t) of subsection 2, NRS 288.150.

C. The right to determine:

1. Appropriate staffing levels and work performance standards, except for safety consideration;

2. The content of the workday, including without limitation workload factors except for safety considerations;

3. The quality and quantity of services to be offered to the public; and

4. The means and methods of offering those services.

D. Safety of the Public.

E. Notwithstanding the provisions of any collective bargaining agreement negotiated pursuant to this chapter, the city is entitled to take whatever actions may be necessary to carry out its responsibilities in situation of emergency such as a riot, military action, natural disaster or civil disorder. Such actions may include the suspension of any collective bargaining agreement for the duration of the emergency. Any action taken under the provisions of this subsection shall not be construed as a failure to negotiate in good faith.

ARTICLE 5

NON-DISCRIMINATION

A. The City will not interfere with, or discriminate in respect to any term or condition of employment against, any employee because of membership or non-membership in the Association, or because of any legitimate activity pursuant to this Agreement by the individual employee or the Association on behalf of its members, nor will the City encourage or discourage membership in any employee bargaining organization.

B. Weingarten Rights give the employee the right to have union representation at all investigatory meetings, which the employee reasonably believes may result in disciplinary actions. A Union representative(s) of the employees choosing may attend all investigatory meetings. The association representative(s) may meet in private with the employee prior to the start of any questioning. A Union representative(s) can speak and object to questioning during the meeting. A Union representative(s) will be given equal rights as management in that they may raise a voice, gesture, challenge management's claim of truthfulness, threaten legal action. Management cannot label this behavior as insubordinate and impose discipline as long as the representative acts in his/her representational capacity and the actions are not considered to be outrageous and indefensible.

C. The Association recognizes its responsibilities as the exclusive negotiation agent and agrees to represent all employees in the bargaining unit without discrimination, interference, restraint or coercion.

D.. The Provision of the agreement shall be applied equally to all employees in the fire department without any discrimination consistent with federal and Nevada law as to age, sex, sexual orientation, gender identity or expression, marital status, race, color, religion, national origin, political affiliation, personal reasons or membership or non-membership in the Association. The Association shall share equally with the City the responsibility for applying provision of the agreement.

ARTICLE 6

ASSOCIATION DUES AND PAYROLL DEDUCTION PRIVILEGES

A. Member employees may authorize payroll deductions for the purpose of paying Association dues. Upon the execution of the proper personnel payroll document filed with the City Clerk, and coinciding with the commencement of a payroll period, the city agrees to deduct from the wages of an employee on a monthly basis association dues, the City's approved group health insurance, the City's approved credit union, and other city approved deductions.

B. The Association will indemnify, defend and hold the City harmless against any claims made and against any suits instituted against the City on account of any action taken or not taken by the City in good faith under the provisions of this Article. The Association agrees to refund to the City any amount paid to it in error on account of the payroll deduction provision upon presentation of proper evidence thereof.

C. The employee's earnings must be sufficient after other legal and required deductions are made to cover the amount of the appropriated Association dues. When a member in good standing of the Association is in a non-pay status for an entire pay period, no withholding will be made to cover the pay period from future earnings. In the case of any employee who is in non-pay status during only part of the pay period, and the wages are not sufficient to cover the full withholding no deductions shall be made. In this connection, all other legal and required deductions have priority over Association dues.

ARTICLE 7

During the multi-day seminars, employees may be assigned to work shifts which are consistent with the class times for the seminars. Training time shall only be considered as compensable hours of work if it is required by the City and mandated as compensable under the Fair Labor Standards Act and its related regulations. An Employee's compensation shall not be reduced as a result of his or her participation in training, even if the hours worked during the 24 day work period are less than the employee's regularly scheduled hours during the work period.

Employees will complete and sign an approved training request form prior to attending seminars or trainings. The form will be used to establish the amount of overtime the employee may be entitled to.

ARTICLE 8

OVERTIME

A. The salary set forth in Exhibits A and B of this Agreement for suppression employees shall include straight time pay for 192 hours of work during each 24 day work period. A premium payment of one-half times the regular hourly rate shall be paid for all hours worked between 182 hours and 192 hours in a 24 day work period to the extent required by the Fair Labor Standards Act and related regulations ("FLSA").

B. Except as otherwise set forth in this Article 8, any hours of work or training officially ordered in excess of the Employee's basic work period shall constitute overtime or call-back and shall be paid on a time-and-one-half basis. Furthermore, any overtime or call-back required to be worked shall be paid in accordance with the provisions of the Official Policies of the Public Employees' Retirement System of Nevada.

C. Any overtime work required of an employee on a day when no work is scheduled or for which s/he is required to return to his/her place of employment, shall be considered to be at least two (2) hours in duration.

F. Resignation and/or Retirement:

hours (432). Such annual leave must be taken prior to the effective date of any such resignation or layoff; or, in lieu of such annual leave an employee may elect to receive a lump sum payment for annual leave time accrued to his credit.

2. An employee nearing retirement will be required to provide the City at least a minimum of six months' notice in order to allow the City sufficient lead time in hiring a successor. Exceptions may be granted upon written request by the retiring employee through the Fire Chief, or designee, to the City Manager.

G. Death of Employee: Upon the death of a person presently on the employment records of this City, a lump sum payment for annual leave time accrued to their credit will be made to the employee's beneficiaries or estate, upon receipt of proof of death and beneficiary(ies). At the beginning of an employee’s fourth month of regular employment, a twenty-four hour shift employee shall be entitled to 90 hours sick leave credit and an eight hour shift employee shall be entitled to 30 hours of sick leave credit.

C. Accrual of Sick Leave.

Family sick leave may be granted upon receipt of proof of death of a relative of the employee’s family defined as a husband, wife, parents, grandparents, brother, sister, child, grandchild, or corresponding relation by affinity.

Family sick leave shall be limited to a maximum of one hundred forty four (144) hours per year; no more than ninety-six (96) hours at a time, except that in the case of the death or serious illness of any of the relatives of the employee’s family defined above, the City Manager may approve additional sick leave at his/her discretion up to the limits then accrued in an individual instance.

Regular and family sick leave shall be charged on an hour per hour basis from sick leave accrued for each one (1) hour taken.

F. Certificate of Illness: Substantiating evidence in the form of a physician’s certificate of illness may be furnished as proof of the adequacy of the reason for the employee’s absence during the time when sick leave was requested. Certificates may be required by the City Manager when there is (1) absence in excess of three (3) days, and (2) whenever there is reason to believe sick leave is being abused.

3. Sickness or disability sustained while on leave without pay.

H. Fraudulent Sick Leave Claims: Any person claiming sick leave with pay, where it is shown that such a claim was made or approved by such claimant knowing that such claimant was in fact not sick or otherwise entitled thereto, shall forfeit all accumulated sick leave and shall not be allowed to receive or accumulate sick leave for a period of twelve (12) pay periods thereafter. The employee is subject to termination if such fraudulent claim was made and accepted, however, such employee's rights to a subsequent hearing shall still be in accordance with the Nevada Revised Statutes.

I. Sick Leave for Maternity Benefits: Absence from work due to maternity shall be specifically defined as illness of a member of the immediate family and any leave will be limited to 144 hours of family sick leave per calendar year as authorized in paragraph (D).

The City Manager shall instruct the City Clerk on the disposition of such cases.

2. "Shift (suppression employees)": Twenty-four (24) hours.

3. "Shift (Assistant Fire Marshal & Fire Prevention Officer)": Eight (8) hours.

M. Family and Medical Leave Act Leave:

a. Family and medical leave for employees shall be governed by the provisions of the federal Family and Medical Leave Act (FMLA), as may be amended from time to time. Nothing in this section is intended to extend to the City

employee's rights or benefits not extended in this law. Where there is a conflict between this section and the FMLA, the FMLA governs.

- b. Male and female employees who have one year (52 weeks) of service and have worked at least 1,250 hours in the past year, are eligible to take up to 12 weeks during a calendar year as family or medical leave as defined in the FMLA. Family members are those persons who are so defined in the FMLA. The calendar year shall be a "rolling" 12-month period measured backward from the date an employee uses any FMLA leave. (Example: if an employee has taken eight weeks of leave during the past 12 months, an additional four weeks of leave could be taken. If an employee used four weeks beginning February 1, 1994, four weeks beginning June 1, 1994 and four weeks beginning December 1, 1994, the employee would not be entitled to any additional leave until February 1, 1995. However, beginning on February 1, 1995, the employee would be entitled to four weeks of leave, and on June 1, 1995, the employee would be entitled to an additional four weeks, etc.)
- c. The employee must provide reasonable advance notice if the need for the leave is foreseeable. The department head shall not deny leave to any eligible employee who requests family or medical leave pursuant to the provisions of the FMLA. The employee has the right to reinstatement to the same or a comparable position unless the employee is exempted from such right under the provisions of the FMLA.
- d. The City shall maintain coverage under any group health plan for the duration of the leave at the level and under conditions that would have been provided had the employee been working. However, the City shall only maintain such group health plan coverage for such employee for up to 12 weeks within a 12 month period commencing with the start of the FMLA leave.

ARTICLE 12

LEAVE FOR MILITARY AND UNIFORMED SERVICE MEMBERS (MILITARY LEAVE)

A. Definition: The Uniformed Services Employment and Reemployment Rights Act (USERRA), 38 U.S.C. § 4301, et sq., together with Nevada Revised Statute (NRS) 281.145 (to the extent it creates rights or benefits that are more beneficial to or in addition to rights or benefits provided under USERRA), set forth the respective rights and duties of the City and its employees in connection with service in the uniformed services. The rights and benefits for Military Leave extend to firefighters who are called to active duty and who are deployed under the National Disaster Medical System of the U.S. Department of Health and Human Services. Upon the commencement of a period of service which is subject to USERRA and/or NRS 281.145, the firefighter shall be entitled to regular compensation for a period not to exceed 120 hours in any one (1) calendar year. An absence due to a period of service shall not count against the firefighter's annual vacation or sick leave. Pursuant to 20 CFR § 1002.41, USERRA rights are not diminished because an employee holds a temporary, part-time, probationary, or seasonal employment position. However, the City is not required to reemploy a temporary, part-time, probationary, or seasonal employee if the employment he or she left to serve in the uniformed services was for a brief, non-recurrent period and there is no reasonable expectation that the employment would have continued indefinitely or for a significant period.

ARTICLE 13

INJURY LEAVE

ABSENCE DUE TO EMPLOYMENT-CONNECTED TEMPORARY DISABILITY

A. In the event an employee is absent due to an employment-connected temporary disability s/he may receive compensation as determined by the City of Elko's worker's compensation insurance carrier plus an amount from the city which would cause the total amount received by the employee to equal their salary at the time of his disability. Such payments from the city shall not extend beyond an employee's accumulated sick leave and annual leave. In the event compensation is not immediately established by the worker's compensation insurance carrier and the employee draws full sick leave pay from the city and subsequently receives worker's compensation, s/he shall repay the city the amount of such compensation pay received to cover the period which was covered by city sick leave.

B. For each scheduled shift the employee does not work while on worker's compensation leave as a result of a temporary disability, sick or annual leave accumulated shall be charged at 33 1/3%. Therefore, as an example, when an employee on worker's compensation takes 24 hours off, eight (8) hours sick leave shall be charged.

C. For purposes of this Article 13, accrued sick leave shall be exhausted prior to accrued annual leave being used.

D. After six (6) months during which an employee is unable to work because of an employment-connected temporary disability, the employee may elect not to continue the provisions set forth in paragraphs A and B above, and to be provided only with payments for employment-connected temporary disability as determined by the City of Elko's worker's compensation carrier. Upon the employee's election to receive only worker's compensation payments, sick and annual leave shall cease to be deducted from the employee's leave accrual, and the employee shall earn service credits in respect to sick leave, annual leave, longevity pay, and retirement benefits.

E. The provisions of this Article apply only to employment connected temporary disabilities which do not permit the employee to work. In that regard, should the City of Elko's worker's compensation carrier determine that an employment connected disability is or becomes permanent the provisions of the Article shall cease to apply as of the date of the permanent disability.

ARTICLE 14
COURT LEAVE

A. An employee appearing in any court, or before the Grand Jury, as a party to an action arising out of their City employment; or as a witness to either a civil or criminal case for the purpose of giving testimony as to facts or knowledge that s/he has received in the course of their City employment, shall receive full compensation as though s/he were actually on the job during such times.

B. The employee shall claim any jury, witness, or other fee to which s/he may be entitled by reasons of such appearance and forthwith pay the same over to the City Clerk to be deposited in the General Fund of the City. In all cases, however, the employee shall retain mileage allowances.

ARTICLE 15
ASSOCIATION ACTIVITIES

A. The Association shall be allowed to hold monthly meetings at the Fire Department so long as such meetings are held after the day's work is completed and does not interfere with the Department schedules, business, or training. Any other meetings must receive the approval of the City Manager or Fire Chief, or designee.

B. In order to ensure that the Association's meetings do not conflict with the Department schedules, business or training, the Association whenever possible shall give the City Manager, Fire Chief, or designee at least one (1) week's prior written notice of the time and date which the meetings will be held.

C. Once meeting approval has been given, the date and time will be added to the calendar and the department will not schedule business, trainings, or activities that interfere or conflict with the scheduled meeting.

ARTICLE 16
RETIREMENT

A. The retirement rights of the employees shall be the same as those provided by Chapter 286 of the Nevada Revised Statutes (“Public Employees’ Retirement Act”). This agreement shall be interpreted consistent with the provisions and requirements of the Public Employees’ Retirement Act. In the event of inconsistency, the terms of the Public Employees’ Retirement Act shall govern.

B. Pursuant to the Public Employees’ Retirement Act, the Public Employees’ Retirement System (“PERS”), by and through its board, arranges for actuarial valuations and reports on the soundness of the system and establishes the required contribution rate.

C. The City has an employer-paid contribution plan and pays the entire contribution for employees who contribute to the police and firefighter’s retirement fund, pursuant to NRS 286.421.9, to permit the entire contribution (including the employee’s share) to be made on a pre-tax basis.

D.
