A. HOURS OF WORK

1. Except as stated in Paragraph 2 hereafter, rest periods in accordance with City policy, of 15 minutes shall be taken at or near the middle of every four-hour work period as is operationally practical. Upon mutual consent of the supervisor and the employee, the rest periods may be combined and scheduled as needed. Employees shall be at work up until the starting time of the rest period and resume work promptly at the end of the rest period. The immediate supervisor may require that rest periods be taken at the work site.
2. A rest break of 15 minutes in accordance with City policy may be taken once every two hours when working overtime hours contiguous with the employee's regular working hours.
3. Except as may be changed by the City, all employees shall work a forty (40) hour work week, exclusive of unpaid lunches. Should the City's operational requirements prevent employees from taking a lunch through the entire shift, such employees shall be compensated at the appropriate overtime rate, in lieu of the unpaid lunch. Upon

mutual consent between the employee and immediate supervisor, employees who are prevented from taking a lunch through the entire shift may be released early, in lieu of receiving additional compensation. For purposes of computing overtime premium, the normal workweek shall start at 00:00:01 hours on Sunday and end at 24:00:00 hours on Saturday.

4. In the event the City implements a reduction of the forty (40) hour workweek, the change will be discussed with the Union prior to implementing the change.

B. OVERTIME

1. Overtime work must be approved by the Department Head in advance.
2. Any work required of an employee on a day when no work was scheduled for him/her, or for which he/she is required to return to his/her place of employment, shall be considered to be at least two (2) hours in duration, and shall be compensated at the overtime rate of pay (1-1/2 times the employee's regular rate of pay). Work required contiguously with the employee's scheduled work hours shall not be considered a call out, but shall be compensated at the overtime rate of pay (1-1/2 times the employee's regular rate of pay) for all time worked. If an employee is called out and finishes the work for which he has been called out in less than two hours of work time, the employee shall contact the person who made the call-out or dispatch to notify them that the assignment is complete, and if no other work is assigned or if the call-out is after 2400 hours, the employee shall be allowed to return to their home.
3. Overtime Compensation.
 - a. An employee regularly scheduled to work a five (5) day, forty (40) hour work week shall be paid time and one-half (1½) his/her regular straight-time hourly rate of pay for all hours worked in excess of eight (8) hours in the day, or forty (40) hours in the week, or compensatory time off as set forth below in paragraph 4 of this Article.
 - b. An employee regularly scheduled to work a four (4) day, forty (40) hour work week shall be paid time and one-half (1½) his/her regular straight-time hourly rate of pay for all hours worked in excess of ten (10) hours in the day, or forty (40) hours in the week, or compensatory time off as set forth below in paragraph 4 of this Article.
 - c. Overtime premium pay shall not be pyramided.
4. Overtime compensation may be paid in cash or in compensatory time off under the following restrictions:

- a. In determining an employee's eligibility for overtime, time in paid leave status, except compensatory time, is considered as time worked.
- b. Compensatory time off at the standard overtime rate may be granted at the discretion of the Department Head in lieu of cash payment and may be allowed to accrue as compensatory time off, up to a maximum of one hundred (100) hours. Any hours in excess of one hundred (100) hours will be paid at the applicable rate. If compensatory time in lieu of overtime is allowed by the Department Head, when electing compensatory time or pay, the employee shall choose either compensatory time or overtime. After the employee makes a decision, hours shall not be transferred from the status of overtime pay to compensatory time or from compensatory time to overtime pay. Requests by an employee for compensatory time will not be unreasonably withheld.
- c. All Department Heads will distribute overtime as equitably as possible among the employees regularly assigned to the type of work required. Employees are expected to work a reasonable amount of overtime and all overtime required during an emergency as required by the City to carry-out its responsibilities. Employees interested in working overtime for that day shall advise their immediate supervisor of their availability prior to noon each day. Regular employees working that day and having the requisite skills to perform the functions shall be offered the overtime before offering overtime to temporary/seasonal employees. The City shall have the right to assign employees overtime by inverse seniority if an adequate number of volunteers are not available to perform the work. Failure of an employee to make themselves available for a reasonable amount of overtime for the City to carry-out its responsibilities and overtime required in accordance with the emergency provisions of this Agreement shall be cause for discipline.

C. On-Call

1. Employees who are placed on call status shall be paid \$2.50 per hour for all rotating on-call assignment hours not worked, in addition to their base rate for regularly scheduled work:
2. "On-call" time refers to off-duty time which an employee is away from the worksite and expected to be easily reached and immediately available to respond on behalf of the City.
3. An employee may be placed on emergency on-call status when designated by his/her supervisor, and status will be denoted on the weekly timesheet. It is not required for an employee placed on emergency on-call status to be assigned a company cell phone or vehicle. All employees placed on emergency on-call

status must answer any call in to work, and failure to respond will result in disciplinary action up to and including termination.

4. Any On-Call employee who is assigned an On-Call vehicle will conform to the City of Elko Vehicle Use Policy.

D. Call-Out

The definition of "call-out" pursuant to the collective bargaining agreement differs from the definition of "call-back" pursuant to the Official Policies of the State of Nevada Retirement System (PERS).

Whereas the term "call-out" is defined by the collective bargaining agreement as any work required of an employee on a day when no work was scheduled for him/her, or for which he/she is required to return to his/her place of employment, shall be considered to be at least two (2) hours in duration, and shall be compensated at the overtime rate of pay (1½ times the employee's regular rate of pay). Work required contiguously with the employee's scheduled work hours shall not be considered a call-out, but shall be compensated at the overtime rate of pay.

Conversely, "call-back" pay is defined by PERS as compensation earned for returning to duty after an employee has completed his/her regular shift, is off-duty for any period of time, and is requested to return to duty with less than 12 hours' notice. Employees who are held over on their regular shift, or who are requested to return to duty at a time that is more than 12 hours after notice is given do not qualify for "call-back" pay.

When completing time sheets, employees shall designate the amount of notice given in any call-out situation, so as to determine eligibility for PERS "call-back" pay.

2. In no instance will the employee's normal commuting time to and from his/her residence to his/her normal place of work be considered as travel time.
3. Employees who will be absent or late shall notify the City by contacting their Department with as much advance notice as possible, but not less than fifteen (15) minutes prior to the start of their shift. Employees who arrive after the start of the shift shall be docked pay in quarter hour (15 minutes) increments.
