Service Connected Disability

All eligible members shall be covered by a Workers Compensation Program of the County's choice that conforms with the provisions of the Nevada Industrial Insurance Act (NRS Chapter 616) and the Nevada Occupational Diseases Act (NRS Chapter 617) and that provides for payment of industrial accident benefits and compensation for partial and total disability arising from industrial injuries and occupational diseases.

1. In the event an employee is absent from work due to a service-connected disability, approved pursuant to NRS Chapter 616 or 617, they may receive, in addition to the compensation as provided by NRS Chapter 616 or 617, a supplemental amount from the County which would cause the total amount received by the employee from the service-connected disability and the County to equal his/her salary at the time of his/her disability.

The supplement compensation shall start from the first day of absence or illness but shall not exceed 340 work hours for the same incident. During this period, the employee shall not forfeit any accrued sick leave. Successful completion of the probationary period and submission of the applicable physician disability statements/patient progress reports are required in order to qualify for supplemental compensation from the County.

2. It is the intent of the County to pay the on-the-job injured employee (as outlined in this Section) the difference between full biweekly salary and that provided pursuant to NRS Chapter 616 or 617 as salary continuance. Therefore, the employee shall return to the County all temporary total disability payments received which were made under NRS Chapter 616 or 617 covering the period enumerated in Section 1 of this Article. No supplemental benefit shall be paid until after the employee's lost-time benefit check has been deposited with the County Treasurer.
3. If an employee entitled to disability compensation has not completed his/her probationary period, or if an employee who has received supplemental compensation as provided for in Section 1 above, is unable to return to work full day, they may elect to utilize accrued sick leave, during which period the employee shall

4. When accrued sick leave has expired, if the employee is still unable to work and the employee is receiving compensation for time missed from work through the Workers' Compensation Program, they shall be permitted to use their accrued vacation leave as sick leave. Subsequent to the expiration of both the employee's sick and vacation leave, provided that the employee has so elected to use his/her vacation leave as sick leave, the employee's compensation shall be limited to that provided in NRS Chapter 616 or 617 and the employee shall be placed on a leave without pay status. However, through written justification to the Clark County Human Resources Director, exceptions to this Article may be approved by the County Manager.
5. If, as a result of a licensed physician's evaluation and prognosis, it appears that the employee shall not return to his/her regular County job within a 12-month period, the County may require a medical separation. Medical separation appeals of employees covered by this Agreement shall be handled in accordance with the procedure set forth in the Dispute Resolution Procedures within Article 10.

ARTICLE 26

Substance Abuse Policy

Policy On Drug and Alcohol Free Workplace

It is the policy of Clark County and the Union to foster and provide a drug and alcohol free workplace for all employees. A drug and alcohol free workplace protects the safety of the public as well as the county's valuable workforce.

While the County will be supportive of those who seek help voluntarily, the county will be equally firm in identifying and disciplining those who continue to be substance abusers and do not seek help.

1. Guiding Principles:

There are four (4) guiding principles underlying the adoption of this policy.

They are:

- a. Education - the County and Union believe that education and training of all employees in the effects and treatment of substance abuse will contribute to a safer and more efficient workplace for everyone.
- b. Deterrence – The County and Union are committed to eliminating the effects of substance abuse in the workplace. All employees are prohibited from using, possessing, buying or selling drugs or alcohol in the workplace, and are prohibited from reporting to work or being subject to work (specifically on

standby or on break) with prohibited drugs active in their systems or while under the influence of alcohol.

- c. Enforcement – The substance abuse policy will be strictly enforced. Violations of the policy or procedures will be cause for discipline, up to and including termination of employment.
- d. Treatment – The County and Union are committed to helping employees with admitted substance abuse problems overcome those problems and encourage voluntary rehabilitation options.

2. Policy Purposes:

The purposes of the substance abuse policy are:

- a. To implement a fair and balanced approach to eliminating substance abuse and its effects on the job;
- b. To protect the public and employees; and
- c. To provide a strong incentive for voluntary rehabilitation and return to work.

3. Rules:

The County and Union have formulated clear rules and penalties to ensure compliance with the substance abuse policy. The primary rules are:

Alcohol

- a. The consumption of an alcoholic beverage by an employee on duty or being under the influence of alcohol while at work is grounds for discipline, up to and including termination.
- b. An employee may be placed on a last chance agreement.
- c. If an employee who is required to drive as part of his/her assigned duties has his/her driver's license suspended, revoked, temporarily or permanently, due to a substance related offense, the employee must notify his/her supervisor of these circumstances when next reporting to duty. Failure to do so shall be cause for disciplinary action up to and including termination.
- d. The felony conviction of an employee as a result of alcohol while off County premises and not on duty shall be cause for disciplinary action up to and including termination.

Drugs

- a. The unlawful manufacture, distribution, dispensation, possession, or use of an illegal

drug or controlled substance by an employee in the work place or during work hours is prohibited. Employees in violation of this policy will be terminated with no last chance agreement.

- b. The use of any drug which negatively affects performance or the ability of an employee to work in a safe manner may be cause for discipline where the employee knew or should have known that the drug would adversely diminish his/her capabilities to perform the job. For the purpose of this policy, the term "drug" shall include but not be limited to sedatives, stimulants, hallucinogens, cocaine, crack, cannabinoids, opiates, phencyclidine, and volatile solvents.
- c. Whenever an employee is prescribed a drug by a licensed health care provider or uses an over-the-counter medication which may negatively affect his/her performance or ability to perform in a safe manner, the employee shall notify his/her supervisor. An employee who fails to notify his/her supervisor may be subject to disciplinary action up to and including termination and may be placed on a last chance agreement when the use of drugs by that employee contributes to an accident or incident that results in property damage or injury to a person. Supervisors shall ensure that employees are not placed in capacities that may jeopardize the safety of others.
- d. The possession or use of illegal drugs while off County premises and while not on duty may be cause for discipline up to and including termination, where such conduct can be shown to have a direct and material adverse effect on the county's interests, including public image.
- e. If an employee who is required to drive as part of his/her assigned duties has his/her driver's license suspended, revoked temporarily or permanently, due to a substance related offense, the employee must notify his/her supervisor of these circumstances when next reporting to duty. Failure to do so shall be cause for disciplinary action up to and including termination.
- f. The felony conviction for the possession or being under the influence of illegal drugs while off County premises and while not on duty shall be cause for disciplinary action up to and including termination.
- g. The conviction of an employee for the sale or possession with intent to sell illegal drugs is cause for immediate termination with no last chance agreement.
- h. Employees must notify their immediate supervisor of any personal criminal drug statute conviction for a violation occurring in the work place no later than five (5) days after such conviction. Failure to notify the immediate supervisor shall result in disciplinary action.

Drug and Alcohol Testing

The County may require an individual to submit to a drug and alcohol test under the following circumstances.

1. **Reasonable Cause:**

An employee will be required to undergo immediate drug and blood alcohol testing in accordance with the following procedures if there is reasonable cause that the employee is under the influence of a drug and/or alcohol. Reasonable cause that an employee is under the influence of a drug and/or alcohol will be based on specific facts and/or reasonable inferences derived from those facts. Examples of circumstances, although not inclusive, which constitute a basis for determining reasonable cause are specified on the "observation/incident report" included as part of this policy in Appendix B.

2. **Testing Procedures for Reasonable Cause And Post-Accident:**

- a. Any supervisor evaluating an employee for reasonable cause shall complete the Clark County "observation/incident report" Appendix B. The observation/incident report shall be sent to the appropriate Department Head and the Employee Relations Division of Clark County Human Resources. Supervisors and managers will not be permitted to use this policy as a vehicle to harass employees. Supervisors and managers shall be subject to the disciplinary process up to and including termination if they engage in harassing behavior towards employees.
- b. The suspected employee shall be afforded the right, if he/she so desires, to request that, in addition to the first supervisor, another on-duty supervisor provide a second opinion as to reasonable cause in accordance with Appendix B. If another supervisor is not able to report to observe the suspected employee within thirty (30) minutes due to the distance a second supervisor would have to travel to observe the employee, the employee's request for a second opinion will not be granted. For remote locations, the time period for a second supervisor's opinion shall be sixty (60) minutes.
- c. If the employee is an eligible member of a bargaining unit, the first supervisor shall advise him/her of his/her right to have a Union representative prior to testing and allow the same thirty (30) minutes for a Union representative to appear. If mitigating circumstances warrant, the supervisor may wait up to a maximum of one (1) hour for a Union representative.
- d. If it is determined that reasonable cause exists, the employee shall be relieved of duty and transported to a drug testing specimen collection site for a drug and alcohol screening. Once the test sample is collected, arrangements will be made to have the employee transported home. The sample will be tested and confirmed, and chain of custody maintained by a Substance Abuse Mental Health Services Administration (SAMHSA) certified laboratory facility. A sufficient amount of a sample will be taken so that, at an employee's request and expense, an alternative SAMSHSA testing facility may be used to test the same sample; chain of custody will be maintained

between testing facilities. An employee who is incapacitated to the point that he/she cannot provide a sample at the time of the incident shall later provide the necessary authorization for releasing hospital or medical reports that would indicate whether or not the employee was under the influence of a drug and/or alcohol.

- e. Advise the employee that he/she will remain on paid status until the test sample is collected. After the sample is collected the employee will be placed on leave in the following order as leave benefits are exhausted (sick leave, compensatory time, vacation leave, leave without pay) until the County receives the test results. If the test is negative, the County will make the employee whole.
- f. The results will be delivered by mail or carrier to the Employee Relations Division of Clark County Human Resources, who will then immediately notify and make a copy of the report available to the employee. The employee's Department Head or designee will be notified whether the test results are positive or negative. A drug test will be considered positive if the confirmation cutoff levels established by the SAMHSA are exceeded. An alcohol test will be considered positive if the blood alcohol content is equal to or greater than the legal limit as specified in NRS or other applicable laws.
- g. Refusal to submit to a drug and alcohol test or to provide the necessary authorization for releasing hospital or medical reports that would indicate whether or not the employee was under the influence of a drug and/or alcohol shall be considered a positive test result and the employee shall be placed on a last chance agreement.

Disciplinary Procedures for A Positive Drug And/or Alcohol Test

- 1. A positive drug and/or alcohol test requested as a result of an accident which causes injury to a person or property damage will be cause for disciplinary action in accordance with section 3 below.
- 2. A test resulting in a positive outcome for a legal drug will result in the following actions:
 - a. The employee may be disciplined for the performance or behavior that established reasonable cause to test the employee.
 - b. The employee will provide, within twenty-four (24) hours of request, a bona fide verification of a valid, current prescription for the drug identified. The prescription must be in the employee's name. If the employee does not provide acceptable verification of a valid prescription, or if the prescription is not in the employee's name, or if the employee has not previously notified his/her supervisor, the employee will be subject to disciplinary action in accordance with section 3 below.
 - c. Before the employee may return to work, the employee must provide the

Department Head with a certificate of fitness/return-to-duty form from the prescribing physician/state certified health care provider. The certificate of fitness must be a signed statement indicating whether or not an employee is medically able to perform regularly assigned job duties without restriction or limitation. If the employee is restricted from performing regularly assigned duties, the certificate must also identify the employee's restrictions.

3. A test resulting in a positive screen for an illegal substance or the abuse and/or misuse of a legal drug or controlled substance will result in the following action:
 - a. First offense: Unless previously specified as an infraction resulting in immediate termination, the employee will receive a suspension without pay for a period of time based on the severity of the infraction and shall be required to sign and successfully complete the conditions of a last chance agreement which includes rehabilitation and aftercare.
 - b. Before the employee may return to work, the employee must provide the Department Head with a certificate of fitness/return-to-duty form from the prescribing physician/state certified rehabilitation and treatment program provider releasing the employee to return to work. The certificate of fitness must be a signed statement indicating whether or not an employee is medically able to perform regularly assigned job duties without restriction or limitation. If the employee is restricted from performing regularly assigned duties, the certificate must also identify the employee's restrictions. This must occur within sixty (60) days of the drug test date. Failure to provide a return-to-duty form with respect to their substance abuse problem within sixty (60) days will result in disciplinary action up to and including termination.
 - c. Second offense: The employee will be suspended without pay pending termination.

4. A test resulting in a positive screening for alcohol will result in the following action:
 - a. First offense: Unless previously specified as an infraction resulting in immediate termination, the employee will receive a suspension without pay for a period of time based on the severity of the infraction and will be required to seek assistance through the employee assistance program which may include a referral to the Lawyers Concerned For Lawyers program. The employee will be required to provide a certificate of fitness/return-to-duty form from the prescribing physician/state certified rehabilitation and treatment program provider releasing the employee to work. The certificate of fitness must be a signed statement indicating whether or not an employee is medically able to perform regularly assigned job duties without restriction or limitation. If the employee is restricted from performing regularly assigned duties, the certificate must also identify the employee's restrictions. This must occur within sixty (60) days of the drug test date. Failure to provide a return-to-duty form with respect to their substance abuse problem within sixty (60) days will result in disciplinary action up to and including termination.

- b. Second offense: Unless previously specified as an infraction resulting in immediate termination, the employee will receive a suspension without pay for a period of time based on the severity of the infraction and will be required to sign and successfully complete the conditions of a last chance agreement which includes a rehabilitation and aftercare program.
- c. Third offense: The employee will be suspended pending termination, unless the employee's Department Head decides not to terminate the employee based on mitigating circumstances. If the Department Head chooses not to terminate the employee, the Department Head shall follow the second offense procedure in this section.

Last Chance Agreement

Refusal to sign a Last Chance Agreement shall be considered just cause for termination. The Last Chance Agreement shall be the final step before termination in the disciplinary process. The treatment and aftercare portion of the Last Chance Agreement will be monitored for compliance by the Employee Assistance Program. The Last Chance Agreement shall require at least the following:

1. The employee to contact the employee assistance program within five (5) working days of employee notification of a positive drug or alcohol test.
2. Compliance with and satisfactory completion of treatment by a bureau of alcohol and drug abuse certified rehabilitation/program or provider. The Employee Assistance Program will assess, determine and recommend the appropriate level of treatment and provider options. It shall consider whether the Lawyers Concerned For Lawyers Program is an appropriate entity for supervision. The program/provider may be selected by the employee.
3. Enrollment and continued attendance in an aftercare program, as necessary.
4. Certificate of fitness/return-to-duty form signed by the prescribing physician/state certified rehabilitation and treatment program provider releasing the employee to return to work. This must occur within sixty (60) days of the drug test date. Failure to provide a return-to-duty form with respect to their substance abuse problem within sixty (60) days will result in disciplinary action up to and including termination.
5. A minimum of four (4) random tests over a period of one (1) year from the date of returning to duty. An employee's Department Head or immediate supervisor, as approved by the Department Head, may require testing at any time the employee is on duty.

At that time an employee signs a Last Chance Agreement, or otherwise voluntarily seeks assistance, he/she shall be advised that EAP counseling is available through the off-site Clark County EAP. Alternative EAP is available through the university medical center EAP and the Clark County Fire Department EAP upon request. The availability of this alternative is predicated upon the employee having a bona fide conflict with Clark County's EAP and

the alternative Employee Assistance Program has the ability to accept the employee based on their availability of resources.

Confidentiality

With the exception of the laboratory testing facility, the Employee Relations and Employee Assistance Division of Clark County Human Resources, the tested individual, and the Risk Management division for workers' compensation incidents, the medical record shall not be released to anyone without express written authorization of the tested individual unless ordered by means of proper legal procedure and appropriate legal authority, such as court ordered subpoena, or in connection with a disciplinary proceeding.

To ensure the confidentiality of employees' medical records, laboratory reports, test results, and observation/incident reports shall not appear in an employee's personnel file. Information of this nature will be contained in a separate confidential medical record that will be securely kept under the control of Clark County Human Resources.
