Article 18. Comp Time

18.1 - Purpose: Because the work load of some functions fluctuates both within and beyond payroll periods, employees may accumulate Comp Time rather than be paid overtime. The purpose of Comp Time is to allow employees to take paid time off in conjunction with work load lows rather than be paid at the overtime rate during workload peaks.

18.2 - Accumulation: To accumulate Comp Time, employees may volunteer and the supervisor may allow the employee to accept time off rather than overtime pay. This Comp Time will be accumulated at the

contractual rate earned. (If the payment for overtime is at the one and one-half time rate then the employee shall get one and one-half times of Comp Time for each hour of overtime worked. If overtime is at a double time rate then the Comp Time will be at the double time rate). No employee will be required to accumulate Comp Time rather than be paid at the overtime rate.

No employee may have an accumulated balance of Comp Time exceeding one hundred twenty (120) hours at the end of any pay period. Employees may not have a deficit Comp Time balance. Whenever an employee requests comp time in lieu of overtime and such comp time accrual would exceed one hundred twenty (120) hours the employee must be paid at the applicable overtime rate for all hours above one hundred twenty (120) that would otherwise be in the employee's comp time accrual balance.

Comp Time accumulation and usage will be reported to the Finance Department by appropriate coding on the bi-weekly time cards. Comp Time balances will be reported to the employees on the paycheck stub in the same manner as vacation and sick leave hours are reported. If an employee accumulates and uses the same number of Comp Time hours within a pay period, the records may not show on the paycheck stub.

18.3– Use of Time: To use Comp Time employees must schedule their absence from work with their supervisor two working days in advance or upon approval of the supervisor if less than two days advance notice of the absence. Such absences will normally be scheduled when, based on the workload, manpower, or other recognizable needs, it will not place a hardship on the City or other employees.

18.4 - Comp Time Sell Back: Whenever an employee separates from City employment any unused Comp Time will be paid at a straight hourly salary rate. Once accepted as comp time the time must be used as comp time unless the employee separates employment.

Article 19. Seniority/Shift Bidding

19.1– Definition: Seniority shall be determined based upon the employee's date of hire as a full-time Police Officer.

In the event of any sort of reduction-in-grade, this determination will include any time the employee accrued in the class series as a Sergeant, or higher ranked officer, so long as there has not been a break in service. Where employees are hired on the same date, seniority will be determined by their placement on the Civil Service eligibility list. Placement on the eligibility list is determined by overall score in the entry process.

The Seniority list will be posted June 1st of each year.

19.2– Application: In the selection of shift bid, days off, in lieu of holiday, and vacation leave preference, first choice shall be given those employees holding the greatest amount of seniority as determined in 19.1 Definition. Bidding will be allowed exclusive of ADP positions.

A list will be posted in the briefing room at the Boulder City Police Department and Sergeants will bid first by seniority. Once all Sergeants have bid their shifts, officers will bid their shifts by seniority. The Administration will look at the finished bid sheet and adjust shifts as needed. Officers moved will be notified they were moved from the shift.

1. As a rule, no bumping will be allowed during the bid year, but accommodations can be made where applicable. Employees will be allowed to move during the bid year based upon their seniority and if openings occur within the shifts.
2. At anytime between bids, the Department retains the right to change an officer's shift and/or days off based on a documented special or operational need.

3. In the event an officer transfers from a special assignment to Patrol, the officer would move to an open position in Patrol. The Chief will designate which positions are open and available. Under this circumstance, the employee will be allowed to bid during the next regularly scheduled cycle.
4. Any disputes that may arise regarding the application of seniority may only be processed as a grievance through the appropriate chain of command.
