Article B: HEALTH COVERAGE UPON RETIREMENT

1. Eligibility: If the employee has not participated in the sick leave deferred compensation conversion program outlined in Section 4 of this Article upon retirement, the employee has two options:
 - a. Sick leave payoff in cash; or
 - b. conversion of accumulated sick leave to pay for insurance benefit premiums.

If an employee has participated in the sick leave deferred compensation conversion program, sick leave cash out for any remaining balance is the only option.

Employees who elected either sick leave cash payoff at retirement or participated in sick leave deferred compensation conversion in accordance with this Contract are not entitled to elect conversion of accumulated sick leave to pay insurance benefit premiums. Conversely, employees electing sick leave conversion to an insurance benefit are not entitled to sick leave payoff in cash.

Employees retiring from the City under Nevada PERS may delay implementation of retirement health insurance coverage under the terms and conditions of this Article until such time employee wishes such coverage to commence subject to the requirements of NRS and the terms and conditions of the City's Group Health Insurance Plan Document in effect at the time of the election.

If an employee retires and does not enroll in the group health insurance program or enrolls in the group health insurance program and then drops enrollment, the employee (or the surviving spouse of the retired employee who is deceased) may reinstate coverage during even numbered years, subject to the following conditions and

applicable law at the time of reinstatement, including NRS 287.0475.

2. **Conversion of Accumulated Sick Leave:** Employees qualifying for retirement under Nevada PERS with a minimum of fifteen (15) years of total service with the City of Sparks may elect to convert a percentage of the employee's accumulated sick leave to an unfunded City account for the purpose of paying for group health insurance under the City's group health insurance plan. The schedule of conversion is as follows:

Years of Service	Sick Leave Conversion Percentage
15	50%
16	55%
17	60%
18	65%
19	70%
20	75%
21	80%
22	85%
23	90%
24	95%
25 or more	100%

The employee's sick leave conversion account shall be assigned a present value based on the date of retirement equal to the number of hours of accumulated sick leave times the employee's base hourly rate multiplied by the conversion percentage at the time of retirement. The City will account for the retiree's accumulated sick leave and debit said account on a dollar-for-dollar basis. The City will pay the retiree's group health coverage so long as there is a balance of accumulated sick leave adequate to cover the monthly premium, or the retiree has made arrangements to continue group health coverage at their own expense.

When a retired employee becomes eligible for Medicare coverage or other federal programs, the retiree is eligible to receive Medicare supplemental coverage through the City's group health plan so long as there is a balance of accumulated sick leave adequate to cover the monthly premium.

A surviving spouse shall continue to receive medical coverage under this benefit so long as there is a balance of accumulated sick leave adequate to cover the monthly premium.

This benefit is nontransferable and does not survive the retiree except as to a surviving spouse as described.

Should an employee transfer into this contract from another unit or resolution within the City, the employee will retain the conversion benefit earned under the previous contract.

3. **Sick Leave Cash Out Provision Upon Retirement:** As an alternative to Sick Leave Conversion, employees, upon retirement, may elect a cash out of this benefit, as follows.

Years of Service	Sick Leave Cash-Out Percentage
15	50%
16	55%
17	60%
18	65%
19	70%
20	75%
21	80%
22	85%
23	90%
24	95%
25 or more	100%

Employee may elect an annual payment of conversion dollars in annual payments that provide equal payout over time.

Maximum annual payment will not exceed twenty-five thousand dollars (\$25,000.00). If the sick leave payout is nominally over the twenty-five thousand dollars (\$25,000.00), at the discretion of the Finance Director, the remaining balance may be paid. Once election is made, it may not be changed. Upon death of the employee, payments cease.

If the account is valued at less than fifteen thousand dollars (\$15,000.00), and cash out elected, the full amount will be paid upon termination of employment. If the sick leave payout is nominally over the fifteen-thousand dollars (\$15,000.00), at the discretion of the Finance Director, the remaining balance may be paid out.

If the employee chooses the cash out option, the employee is not eligible to continue on the City's group health insurance plan for themselves and dependents. However, employee may return per NRS on any even year and pays full cost of coverage and annual payments continue as selected.

The initial payment will be made upon termination with annual payments to be made no later than March 31 of each year.

Upon a non-service related death of the employee, the employee's beneficiaries or estate will receive a one-time payment in accordance with years of service in the sick leave cash out table. At no time, will the payment exceed twenty-five thousand (\$25,000.00). After the initial payment, the payments cease.

4. Sick Leave Conversion to Deferred Compensation: This option is for active employees only. Upon completion of fifteen (15) years of PERS service, employees may elect to convert accumulated sick leave hours to cash and transfer it to the City's qualified deferred compensation program. The following conditions apply:
 - a. At no time shall the conversion reduce the hours of the employee's sick leave bank below eight hundred thirty (830) hours.
 - b. The annual transfer cannot exceed ten-thousand dollars (\$10,000) and will be calculated using the employee's then current hourly rate of pay multiplied by the number of hours being converted. It is the employee's responsibility to complete the proper paperwork with the deferred compensation vendor to ensure the proper IRS limit is applied.
 - c. If the employee chooses the sick leave deferred compensation conversion program in any year, the employee is not eligible to continue on the City's group health insurance plan for themselves and dependents at retirement. However, employee may return to the City's health insurance plan pursuant to NRS on any even numbered year. Upon return to the City's health care plan, the retiree will pay the full cost of coverage.
 - d. An election to participate in the sick leave deferred compensation conversion program must be made annually. The election must be received by Payroll by the last pay period in January to be paid the last pay period in February.
 - e. At retirement, the remaining balance of the sick leave bank will be subject to the sick leave cash-out provision section of the contract.

If an employee does not have a City authorized Deferred Compensation account the City will not be required to provide any matching monies.

Article F: PHYSICAL EXAMINATIONS

Employees covered under this Contract shall be required to have a complete medical examination conducted each calendar year, as prescribed under NRS. The medical examination shall be accomplished by a licensed medical doctor who shall be required to report the findings of the physical examination to Human Resources.

The City will designate the physician who is to perform the physical examination. In the event that the employee does not concur with the physician selected by the City, the employee may select a physician of the employee's choice. An employee who serves less than a full number of working hours in a pay period, and such absence is not compensated for by sick leave, annual leave, or other paid leave, shall have an amount deducted from the regular compensation for that period equal to the pay for the number of regular hours not worked.
2. Status While on Leave of Absence: Official leaves of absence shall be granted according to the rules of the City's Civil Service Commission. Any employee on such leave shall receive no compensation from the City during that period of absence.
3. Certain types of compensation (special pays), may be prorated based on hours of absence without leave.

Article I: COMPENSATORY TIME

1. Compensatory time is time off which may be given an employee during a regularly scheduled work period to compensate for overtime hours accumulated for which no payment was made. It is accrued at one and one-half (1½) hours compensatory time for each hour worked.

When an employee has worked overtime and would like to add the time to their compensatory bank instead of being paid overtime, it must be noted on the employee time sheet.

When working on overtime funded by a grant, time cannot be placed in the compensatory bank.

2. Granting of Compensatory Time: Granting of compensatory time off is subject to the following:
 - a. That the period of overtime was necessary and proper and properly authorized by the Police Chief.
 - b. The awarding of specific days or work shift assignments as compensatory time is within the discretion of the Police Chief in order that employees may properly be allocated to meet the City's obligation.
 - c. The request for use of compensatory time off will be approved or denied within seventy-two (72) hours of request being presented to the immediate supervisor.
3. Maximum Accumulation: The balance of the compensatory time bank will at no time exceed four-hundred, eighty (480) hours.
4. Settlement for Unused Compensatory Time: Payment for unused compensatory time is authorized to be paid in the event of termination, retirement or death.

Employees are able to cash out Compensatory Time by submitting an email to Payroll or completing a compensatory cash out form and submitting to payroll and at any time during the fiscal year.

5. Compensatory Time Carry-Over: Compensatory elected to carry over each fiscal year shall not to exceed ninety-six (96) hours.

Article J: PERSONAL DAYS

Personal Leave days are to be used during the fiscal year on a date mutually agreeable to the employee and Police Chief or designee and subject to the operational requirements of the Department. In the event that an employee's Personal Leave day is denied by employee's supervisor due to operational requirements, the employee will not lose that Personal Leave day unless that employee is provided the opportunity to use such Personal Leave day and refuses such use. Two (2) Personal Leave days shall be granted to each employee upon date of hire based on assigned shift.

Personal Leave days will be awarded the first full pay period of the fiscal year based on the number of hours of the employee's published shift. (i.e. employees scheduled for a twelve (12) hour shift will be granted a Personal Leave day of twelve (12) hours).

Unused Personal Leave as of June 30, will be forfeited.

Article K: USE OF LEAVE DURING A HEALTH EMERGENCY

A health emergency is any event during which the United States, State of Nevada, Washoe County, and/or City of Sparks declare(s) an emergency caused by a health concern that impacts the City and its employees. During a health emergency, the City will comply with any relevant local, state, and/or federal guidance that the City determines is applicable to establish protocols to protect the health and safety of its workforce and the public.

When a health emergency relates to a communicable illness, an employee who is exposed or potentially exposed to the communicable illness that is the subject of the health emergency (illness), the City may require the employee to remain away from work in order to self-isolate and/or quarantine in accordance with the City's protocols and applicable local, state, and/or federal guidance.

During any period of required self-isolation and/or quarantine, an employee who is able to work from home and whose duties allow them to work from home will be allowed to work from home. If an employee is unable to work from home, the employee will be placed on administrative leave while he or she is required to self-isolate and/or quarantine. When an employee is placed on administrative leave to self-isolate and/or quarantine, the following rules apply:

1. Where the exposure or potential exposure to the illness occurred on duty, the employee will be placed on paid administrative leave for the duration of the required period of self-isolation and/or quarantine. In the event federal and/or state law provides for any additional leave specific to the health emergency, any period of paid administrative leave will be counted against such additional leave to the extent permitted by law.
2. Where the exposure or potential exposure to the illness occurred off duty, the employee will be placed on unpaid administrative leave for the duration of the required period of self-isolation and/or quarantine. An employee placed on unpaid administrative leave under this Article may elect to use any accrued sick leave the employee has available in order to receive pay during the required period of self-isolation and/or quarantine. If the employee exhausts his or her available sick leave while self-isolating or quarantining, he or she may elect to apply any other leave(s) in lieu of sick leave in the following order: compensatory time, administrative/personal leave, annual leave. In the event federal and/or state law provides for any additional leave specific to the health emergency, the employee may use such additional leave in order to receive pay during the required period of self-isolation and/or quarantine to the extent permitted by law.

For the purposes of this Article only, an employee who complies with the City's health and safety protocols and is exposed or potentially exposed to the illness at work will be rebuttably presumed to have been exposed or potentially exposed to the illness while on duty. Any claimed on-duty exposure or potential exposure to the illness must be reported to the employee's supervisor immediately so that the City may take immediate steps to combat further exposure to the

illness.

An employee who fails to comply with the City's health and safety protocols, including but not limited to any travel restrictions, social distancing restrictions, or reporting requirements, which are in effect at the time of exposure or potential exposure, will be rebuttably presumed to have been exposed or potentially exposed to the illness while off duty. To overcome this presumption, an employee must show, by clear and convincing evidence, that his or her exposure or potential exposure to the illness occurred while the employee was on duty and acting in compliance with the City's health and safety protocols. SPSPA Sergeants and the City recognize and agree that in order to protect the health and safety of employees and the community, it is imperative that employees comply with the City's health and safety protocols, and any employee who fails to comply with the City's health and safety protocols waives his or her right to seek paid administrative leave under this provision.

Paid administrative leave under this Article shall not be construed to have any effect on or relevance to any determination of eligibility for industrial insurance benefits.

IN WITNESS WHEREOF, the City and the Association have caused these presents to be duly executed by their authorized representatives this 12 day of July, 2021.
